

MISSOURI SOCIETY SONS OF THE AMERICAN REVOLUTION

Missouri SAR President's 4th of July Message

America's 250th Anniversary

1776-2026

To My Fellow MOSSAR Compatriots,

As we celebrate this Fourth of July, we mark an extraordinary milestone in our nation's history—the 250th anniversary of the United States of America. On July 4, 1776, our Founding Fathers boldly declared that all people are endowed by their Creator with the unalienable rights of life, liberty, and the pursuit of happiness. Their courage, sacrifice, and unwavering devotion to the cause of freedom gave birth to a nation founded on the principles of self-government and individual liberty.

As members of the Sons of the American Revolution, we are the stewards of this remarkable legacy. We proudly honor our Patriot ancestors who risked everything to secure independence and establish the constitutional republic we cherish today. Their commitment to duty and country continues to inspire us and reminds us of our responsibility to preserve and promote the ideals for which they fought.

As America enters its third century of independence, may this historic anniversary renew our appreciation for the blessings of liberty and strengthen our dedication to patriotism, service, and civic responsibility. Let us honor the past by recommitting ourselves to the enduring principles that have guided our nation for 250 years.

May you and your families enjoy a joyful, safe, and meaningful Independence Day celebration.

Ken Lawrence, President
Missouri SAR
